## Description

Beautiful girl waiting for her moment to dance. Carine Bouvard uses different mediums on canvas, acrylic, charcoal, ink, and oil pastel; she loves the material and exploring new techniques scratching, drips, collage and plaster. All of these rich textures reveal the story of her character as she works with them. The women painted by Carine: their posture, the way they hold their heads, they appear to be realistic, sensitive, funny or sad, sometimes lost, but beyond these paintings one begins to feel the need to know more about their creator. Her world, the lair in which she creates them. Carine Bouvard is a sensitive artist who instils the emotion of life into her work with simplicity, softness and spontaneity.
